Year 6 Newsletter

Welcome back to the Summer Terms in Year 6 – We hope you all enjoyed your Easter break.
Another actions packed time is ahead of us!

The majority of the first three weeks of this term is being spent preparing the children further for their end of Key Stage 2 SATs tests. The children are currently working extremely hard revising previous work in English, Maths and Science. Also further practice of test questions and preparation for the test days.

We are really **proud** of the children's hard work, both in school and at home, and know they will do their very best in the **SATs**. Thank you for **your continued support and encouragement with** your child's learning at home! During these busy few weeks we hope you will encourage the children to pursue their usual activities and routines, as well as encouraging plenty of rest!

The tests will take place week commencing Monday 11th May. Obviously all children will need to be in school for this week. You will be given further information about this at the meeting on Tuesday 5th May (7pm).

Thank you for your payments for the **PGL** residential– having payments promptly has helped us with the organisation. More details of the trip, including timings, kit lists etc. will follow in the meeting on Tuesday 5th May (6pm).

Well done to Josh Hills and Craig Lyon (6R) and Sophie and Caitlin (6B) for winning last half terms raffle! Also a big well done to the children who ran in the cross country race last half term – we were extremely proud of their efforts and admirable energy!

The weeks following the SATs also see a busy time as we prepare for residential, project days and secondary schools!

Coming Up...

- French day: Children will be developing languages skills through a variety of activities and role plays.
- 'Alien Project': Through use of digital media equipment children will produce a project which will develop literacy, numeracy, ICT skills as well as team work and problem solving.
- Leavers musical production: Hopping Hill's very own version of Oliver!
- Designing a special piece of work to take to secondary school.
- 'Moving On' and Preparation for transition.

We will be setting an homework project for completion in the summer term based on the theme of 'ourselves' – more details will follow about this after half-term.
