

Term 3 Project – Writing

To link to the connector of wide world our project this term is to investigate a continent. You must produce three pieces of writing and show your writing skills including use of the sentence menu and punctuation. All of you will know the ingredients of the sentence menu.

The pieces of writing could include:

- A letter to a pen-pal, introducing yourselves and asking questions!
- A fact file, in the style of an information leaflet, about one country within the continent.
- A story based on another culture. We will introduce this style of writing in literacy next week.

As an alternative piece however you might choose a genre of your own such as a diary entry, a poem or a newspaper front page or any other style of writing that you would like to do. Your final outcome should represent 5 hours of work and you could use ICT to produce this.

Your project is due in on the 29th June 2009, remember to plan your time carefully so that you can show your writing talent in each piece.
